Dear Families,

Please remember that we are focusing on attendance this year. We have three new bikes to give away in March. If your child has perfect attendance from January 5 – March 10, he/she will be eligible to enter the drawing for a new bike. Great attendance is critical for success in school, helps students form friendships, and increases a child's confidence. Students with chronic absenteeism (more than 18 days within a school year) have a higher rate of dropping out of school. We love our Wildcats and want them with us every day they are healthy. We want to see our students graduate from New Albany High School or whatever high school they attend. We want the best and brightest futures for our students. Thank you for making sure your child is at school and on time each day!

Respectfully,

Missy Hooks
Principal
